

ECHODECO® GRID BEAM BAFFLES

GEOMETRIC PRECISION. ACOUSTIC PERFORMANCE.

Grid Beam Baffles create a clean, structured ceiling aesthetic using evenly spaced acoustic squares arranged in a refined grid. Designed to soften sound and bring visual rhythm to large-scale spaces, Grid Beam Baffles are ideal for a wide range of interior environments. Made in the USA from sustainable EchoScape™ acoustic material, these baffles offer high acoustic performance and are available in multiple sizes, mounting options, and over 30 color choices, including woodgrain patterns.
