ROOM DIVIDER

Contemporary Urban Wall® room dividers maximize current space while adding style to your office concept. Define shared spaces to create meeting rooms, collaboration huddle spaces, breakrooms, customer or patient waiting rooms, and private work areas without incurring costly construction. The Urban Wall® comes in a wide range of sizes, configurations and core material options making it fun and easy to create a custom room divider. Build your Urban Wall® by designing each panel, then connect them together to construct the workspace that works for you.

- Framework is constructed using lightweight aluminum extrusion
- All metal parts are anodized or powder coated for an aesthetic and durable finish
- Design your Urban Wall® using five core materials in a wide array of rich colors
- Our acoustic core material, EchoScape™ 3/8" (9mm) effectively controls noise disruptions by absorbing sound and is NRC rated at 0.85
- Room divider panels can be hinged together to create 2, 3 or 4-way configurations
- Made in the USA
